### **Discussion #1 - Review of possible proposed amendments to the regulations**

Mr. Lesser explained that we are just cleaning up items that are not currently correct and that need to come in line with our new bylaw. Additional time will be spent in the future to continue this process.

Mr. McClintock mentioned that we can bring them up and discussed aligning the regulations with the bylaw and correcting and existing problems

Mr. Dowse arrived at 7:08 pm.

Mr. Lesser explained to the Commission what the purpose of the changes to the Regulations:

1. Make Regulations consistent / aligning with the Town's By-Law
2. Clean up / make corrections
3. Any substantive / content changes would be noted and then discussed in the future after the public hearing and vote to bring the Regulations in line with the Bylaw amendments of 2013

The Commission reviewed the proposed amendments originally made by Town Counsel, the Sherborn Conservation Commission in 2011 and the Agent. The Commission reviewed each item and created a working List of items to edit at special meetings in the near term and items to discuss in the future amendments that are substantive changes.

Mr. Lesser agreed to create a working document with all the proposed amendments and send to the Commission for a special meeting to be held at a later date.
