### **Please RSVP for all programs.**

Reminder to visit our website for the latest updates [sherborncoa.org](http://sherborncoa.org). We’re here to support all residents, and we’d love to hear your thoughts or suggestions. Feel free to give us a call at 508-651-7858 or email us at [coa@sherbornma.org](mailto:coa@sherbornma.org). We’re always happy to help!

### **Building Maintenance Report – Steve Petty**

- It has been rough with all the digging for the well.
- It is expected that the digging that has been ongoing will be completed by Monday.
- All cars belonging to residents in buildings 1 & 2 must be removed from visitor parking and returned to their assigned parking spaces. Cars belonging to residents in building 3 must be moved also. Village Way can be used for parking the cars for residents in building 3.

### **Landscape Report – Kitty Sturgis**

- No report.

### **Treasurer’s Report – Kitty Sturgis**

- The amount of \$10,991.89 previously charged to EH Renovations was transferred to encumbered FY25 line item.
- The expenses to date are \$14,649.38 from a FY budget of \$457,246.00.
- Rick Aston will be installing glass windows in the Community Room doors at a cost of \$1,800.00.

### **Management Report – Claire McClellan**

- A special thank you was given to all the residents for their cooperation with moving cars for the ongoing construction work that is now going on. It was confusing at times.
- The cameras are now fully installed. Carey now is busy filling the holes that were made to accommodate the wiring. Peter, the owner of the company, called me yesterday to say he still has some minor work to complete the installation for the video recorders. He told me

that he had spoken to several of the residents who told him they were not happy having cameras watching them. I told him I would discuss the purpose at today's meeting.

- The cameras are for the protection of the residents, the security of the buildings and the Town's Woodhaven property. There is no one, including me, who is going to be watching all day every day. If an incident should occur, the video recorder will be working 24/7 and can be accessed to the time and date of the occurrence. There is a camera on building 3 in the front that focuses on the road as you drive in and will be helpful in obtaining a license plate number should it ever be needed. That is the main purpose of these cameras. Woodhaven was very fortunate to receive a grant for this installation.
- Stumpy's did the tree trimming but must return as they did not have a climber with them that day. There is a tree outside Bonnie's bedroom window that has many bare branches and will be taken care of soon. I also noticed a tree behind the Woodhaven sign that needs trimming.
- I have been shopping at sales in stores and on the internet looking for replacement chairs at the gazebo, but I have been unsuccessful. Many chairs on the web site show that they need to be assembled. I prefer to find chairs where the parts are welded together such as the chairs that we have now.

### **Public Comment**

- Some residents are not pleased with the installation of cameras. They do not like the idea that they will be watched. Pam explained that everywhere you go today there are cameras recording. No one will be watching the residents. They are being installed for their protection and that of Woodhaven.
- Anne requested a tree be planted outside her bedroom window. There were rocks there at one time and grass has now taken over. Steve said he would take a look.
- The new owl that was installed on building 3 is being attacked by the woodpecker! Apparently, he does not appreciate it!

### **Chair's Report- Pam Dowse**

- No report.

The meeting adjourned at 3:33PM. The next meeting will be held on October 16, 2025.

Respectfully submitted,

Claire M. McClellan, Managing Agent
